“Easy to Use!”™

## KlickerTouch® Floor Sensing Thermostat

The new KLICKERTOUCH® is designed to be the simplest to use electric floor heating control available.

The KLICKERTOUCH® comes packed with innovative features to optimise your comfort and minimise running costs with the simplest touch screen interface.

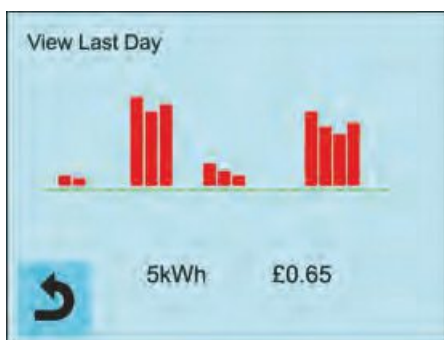

A large full colour backlit touch screen provides simple programming by guiding you through program setup and adjustment - no need for any complicated instruction manual.

## Features & Benefits

- Full colour 2.8” touch screen, backlit graphical display.
- Attractive styling in white.

- Graphical energy monitor shows you how much energy you are using - allowing you to optimise your comfort and save on your energy costs.

- Multiple temperature settings can be set throughout the day to optimise comfort and save on energy bills.
- User configured operating mode - One thermostat for all room type applications: Air + Floor, Floor only, Air only.
- On set-up “floor only”, we recommended maximum temperature setting of 28°
- User configured screen colour.

- "First Use" initial start-up program turns your floor heating on gradually preventing thermal shock to new floors.
- Easy installation: choice of 4 factory preset program schedules to get your heating working quickly.
- Screen LOCK feature prevents unauthorised changes to the program schedule.

## Additional Thermostat options

- Wi-Fi Advanced Thermostat. Available Spring 2020.

1. KLICKERFLOOR®
2. KLICKERMAT®
3. KLICKERLITE® Thermal Insulation boards
4. Wood/Concrete Subfloor
5. Thermostat
